

Evaporative Cooler Motors

Crompton Greaves Evaporative Cooler are manufactured for Australian conditions. This heavy duty design includes rolled body with all metal resilient mount and capacitor boxes. The range offers dual speeds and variable speed to suit a variety of air movement applications.

Range: 0.55kw - .75kw, 1425rpm, 240Volt, 1Phase

Features: Open drip proof enclosure, rolled body design, low noise, B56 frame, Reversible, auto reset overload protected, lead and resilient mount. Interchangeable with other brands.

VARIABLE SPEED SINGLE PHASE 240Volt

kW / Horsepower	Code	Description
0.55kW / 3/4 HP	S.55AVCG	Evap Cooler Vari- speed, 550Watt 4Pole-1425rpm Resilient Mount 5/8" Shaft 240Volt c/w lead
0.75kW / 1 HP	S.75AVCG	Evap Cooler Vari-speed, 750Watt 4Pole-1425rpm Resilient Mount 5/8" Shaft 240Volt c/w lead

DUAL SPEED SINGLE PHASE 240Volt

kW / Horsepower	Code	Description
0.55kW / 3/4 HP	S.55A3CG	Evap Cooler Dual Speed, 2 or 3 speed, 550Watt 4Pole-1425/900rpm Resilient Mount 5/8" Shaft 240Volt c/w lead
0.75kW / 1 HP	S.75A3CG	Evap Cooler Dual Speed, 2 or 3 speed, 750Watt 4Pole-1425/900rpm Resilient Mount 5/8" Shaft 240Volt c/w lead
